Located in Ashford, Kent

# Our Vision

- Providing a breakdown and accident rescue service.
- 24 hours, 365 days of the year.
- When recovery is the only solution. We take the stress away and get you to where you need to be.
- We have facilities to manage liaisons with the Emergency Services.
- Our customer is treated like a customer.

# Services

## Electric Vehicle Recovery

With modern-day electrical technology, vehicles that require recovery can have issues with all four road wheels locking and unable to turn.

Attempting to tow or winch your vehicle can cause costly and unnecessary damage to the car.

We have invested in state of the art lifting technology on our recovery vehicles, with damage-free lifting equipment, so there is no need for winching.

## Off-Road Winching

On occasions, your vehicle may require winching from a location off-road. We can provide a lifting solution for every eventuality.

Over the past 30 years, we have dealt with most eventualities.

These include rivers and water, agricultural land, clifftop, beaches, railway embankments and roadside.

## Car & Light Commercials

Our service covers all car and light commercial vehicles.

From motorcycles through to good light vehicles.

We also deal with caravans and motor homes.

# Services

## Roadside Rescue

If you have broken down or been involved in an accident, we can help.

Call our 24hr Emergency Response Number **01303 980 918**, and we will provide you with professional recovery and support.

## Accident Recovery

When you require help and support after an accident, we can help; it's what we do best.

Our professional team will help with recovery.

With over 30 years of experience in vehicle breakdown and accident recovery.

## Keyless Lifting Solution

Our vehicle lifting capabilities enable us to lift high-performance vehicles damage-free.

With specialist lifting frames, we can provide keyless lifting of vehicles.

Lifting high value and high-performance vehicles is one of the features of our lifting capabilities.
